

AROMA & COSMETICS

COMPANY PROFILE

Incorporated in the year 1985, Yasho Industries commenced exclusive operations in 1993 for aromatic chemicals. Since inception, there has been no looking back which has resulted in the company achieving phenomenal development in terms of **Quality, Volumes** and **Customer Satisfaction**.

Yasho's state-of-the-art technology and large-scale manufacturing facility comprises of Glass and Stainless Steel Reactors with capacities ranging from 45 - 25,000 litres. It is equipped for manufacture of a wide range of Speciality & Fine chemicals such as Antioxidants, Rubber and Aroma chemicals.

Sustained focus on technological upgradation has helped the company to accelerate it's progress. Yasho specializes in scaling up to meet customer-specific requirements.

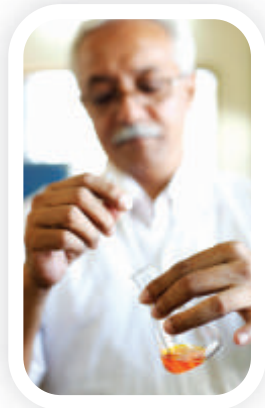

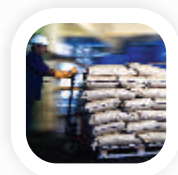

As a company, we take great pride in contributing to the communities where we live and work, which include environmental concerns.

DESIGN PROCESS DEVELOP PRODUCT

Research and Development is our core strength. Continuous Innovation, Process Upgradation and Product Enhancement complement our vast experience of over 2 decades. Investments in R & D are an integral part of our growth curve.

Endorsed by Bureau Veritas, our quality assurance meets the most stringent ISO 9001:2008 norms. Our products find wide acceptance in North and South America, Europe, Africa and Asia.

Our state-of-the-art laboratory uses modern quality control methods and sophisticated instrumentation such as HPLC, GC, AAS (Atomic Absorption Spectrophotometer), UV Spectrophotometer, Digital Polarimeter.

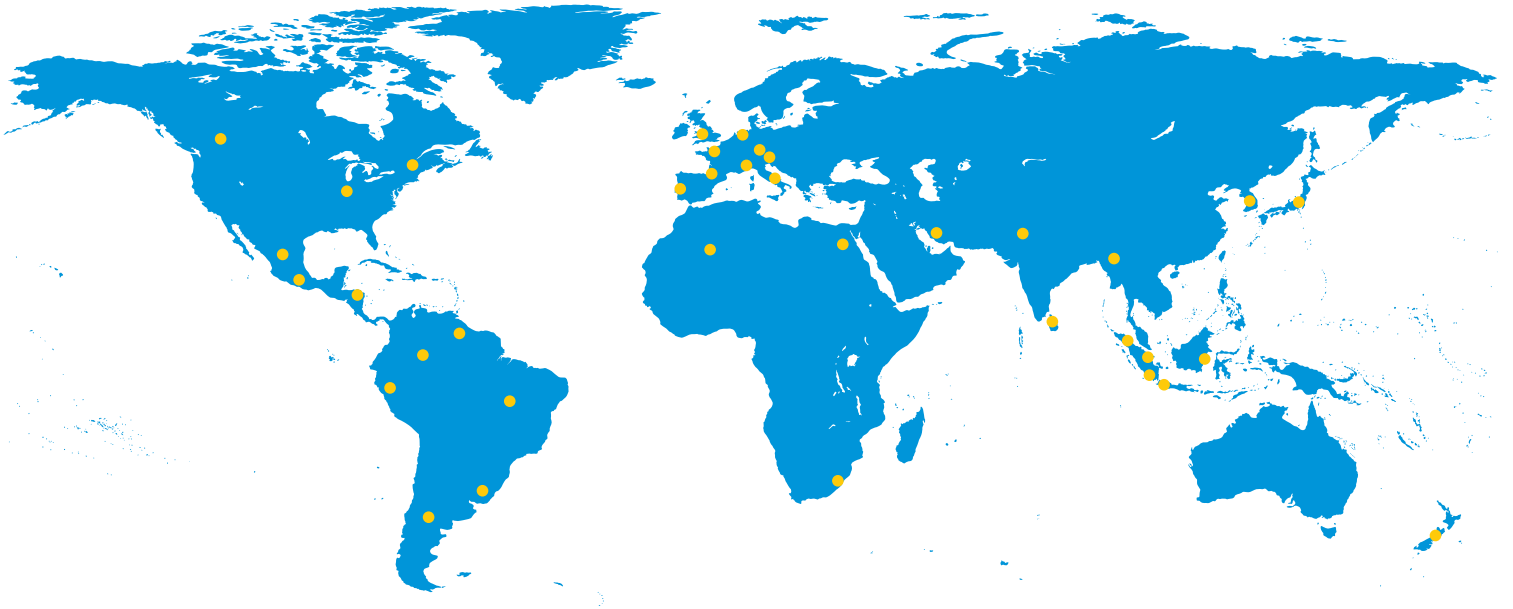

Yasho Industries is the source for fatty esters and Natural Essential/ aroma oils catering to gamut of Personal Care, Cosmetics & Toiletries, Flavors & Fragrances and Pharmaceutical segments.

In Personal Care, Cosmetics & Toiletries segments, our fatty esters like Isopropyl Myristate finds wide applications as Emollients, Lubricants, Solvents, Skin Conditioning and Binding agents in skin care, hair care, colour cosmetics, bath Preparations, nail Preparations, aerosols preparations, deodorants, perfumes and fragrances.

Our natural essential/ aroma oils such as Eucalyptus Oil, Clove Oil and its derivatives, Dill Oil, Cinnamon oil are widely used in Flavors and Fragrances, Pharmaceutical and Medicinal Products like pain relief, cough & cold preparations. It has also applications in dentifrices and oral care preparations such as toothpaste, tooth powder and mouth wash. They also act as insect repellents.
