PAT Margin (%)	9.6%	10.7%		10.2%		9.9%	8.4%	

### Business Highlights for Q1FY24

- Industrial business (rubber, lubricant and specialty chemicals) has been contributing 81% of the total revenue with a robust demand for key products across geographies
- Though the Revenue has declined, the volumes have grown on Q-o-Q basis
- Exports have been a significant contributor, accounting for 64% of total revenue in the first quarter of FY 2024.
- Domestic and exports business looks strong and shows promising growth prospects
- The Capex on the greenfield project in Pakhajan, Dahej is on track and moving ahead as planned

## **Commenting on the Results, Mr. Parag Jhaveri, Managing Director & CEO**

said, “Yasho Industries demonstrated a stable performance in the first quarter of FY24, achieving 6% volume growth despite facing challenging macroeconomic conditions resulting from the Ukraine War, high-cost inventories, and significant price drop. Nonetheless, we remain resolute in navigating through these turbulent times and devised strategies to ensure a more resilient performance in the upcoming quarters. We are closely monitoring the situation and will continue to do so for the next few quarters.

Regarding our capex initiatives, the greenfield project at Pakhajan is progressing as planned and is expected to commence production in early FY25. We consider this project crucial for our growth strategy and have strong confidence that it will create substantial value for our stakeholders.

Despite the short-term challenges, our long-term strategy remains unchanged, focusing on expanding manufacturing capacities, diversifying the product portfolio, and extending our market reach.

### **About Yasho Industries Ltd:**

Yasho Industries Ltd is a pioneer in the field of manufacturing fine and specialty chemicals, exporting all over the globe, including USA, Europe, Asia, Middle East and Brazil. Guided by a Management Team that has over 30 years of experience in the industry, it is fully equipped with well-established manufacturing facilities designed to manufacture multiple products.
