

RISK MANAGEMENT POLICY

1. Introduction

The Securities and Exchange Board of India (“**SEBI**”), vide its Notification dated September 2, 2015, has issued the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, (“**LODR**”) which came into force from December 1, 2015.

Risk management is an attempt to identify and then manage threats that could severely impact or bring down the organization in terms of turnover, market share, goodwill, profitability, competition, technology obsolescence, investments, human resources and such other factors. The Board of Directors of **Yasho Industries Limited** (“**Company**”), at its meeting held on April 30, 2022, approved this policy with regard to Risk Management Policy (“**Policy**”).

2. Purpose

The objective of risk management is to create and protect shareholders value by minimizing threats or losses, and identifying and maximizing opportunities; to identify risks impacting Company’s Business through systematic process of risk identification by Board or Audit Committee or Executive management; to formulate risk management policy including risk minimization and risk optimization and to implement the policy and report the resultant impact. An enterprise-wide risk management framework is applied so that effective management of risks is an integral part of every employee’s job.

3. Risk Management Process

- a) Identification – Recognition / anticipation of the risks that threaten the assets and earnings of the Company.
- b) Evaluation / Assessment – Estimation of the likely probability of a risk occurrence and its likely severity, categorization of risk and rating of risk.
- c) Prevention & Control – Measures to avoid occurrence of risk, limit its severity and reduce its consequences, selecting the risk management technique by category and individual risk.
- d) Financing – Determining the cost of risk likely to be and ensuring that adequate financial resources are available, implementing the selected technique.
- e) Measure and Monitor effectiveness of controls and respond according to the results and improving the program.
- f) Reviewing and reporting on the Risk Management process at appropriate intervals, at least annually.

Further, the objectives of the Company can be classified into

Strategic:

- Organizational Growth;
- Comprehensive range of project verticals;
- Sustenance and Growth of Strong professional relationships ;
- Expansion of existing markets share and penetrating new geographic markets;
- enhance industry expertise;
- Enhance capabilities through technology alliances and acquisitions.

Operational:

- Consistent Revenue growth;
- Consistent profitability;
- Effective and timely execution of projects;
- Further Innovations;
- Attract and retain quality technical associates.

Reporting:

- Maintain high standards of Corporate Governance.

Compliance:

- Ensure adherence to policies, procedures and laws/ rules/ regulations/ standards.

With focus on three key elements, viz.

- a) Risk Assessment;
- b) Risk Management and Monitoring;
- c) Risk Management Measures.

a) Risk Assessment

Risks are analyzed, considering likelihood and impact, as a basis for determining how they should be managed. Risk Assessment consists of a detailed study of threats and vulnerability and resultant exposure to various risks. To meet the stated objectives, effective strategies for exploiting opportunities are to be evolved and as a part of this, key risks are identified and plans for managing the same are laid out.

b) Risk Management and Risk Monitoring

In the management of Risk, the probability of risk assumption is estimated with available data and information and appropriate risk treatments worked out in the following areas:

- Economic Environment and Market conditions;
- Fluctuations in Foreign Exchange;

- Political Environment;
- Competition;
- Revenue Concentration;
- Inflation and Cost Structure;
- Technological Obsolescence;
- Financial Reporting;
- Legal;
- Compliance with Local Laws;
- Project Management;
- Human Resource Management.

c) Risk Management Measures:

The Company has adopted various measures to mitigate the risk arising out of various areas described above, including but not limited to the following.

- A well-defined organization structure.
- Defined Flow of information to avoid any conflict or communication gap.
- Hierarchical support personnel to avoid work interruption in absence/ non availability of functional heads.
- Discussion and implementation on financial planning with detailed Annual Business Plans.
- Detailed discussion and analysis of periodic budgets.
- Cash management services to avoid any loss of interest on collections.
- Measures to protect loss in Foreign Exchange transactions due to undue fluctuations in rates etc.
- Systems for assessment of creditworthiness of existing and potential contractors/sub- contractors/ dealers/vendors/ end-users.
