

**SPECIALTY
CHEMICALS**

COMPANY PROFILE

Incorporated in the year 1985, **Yasho Industries** commenced exclusive operations in 1993 for aromatic chemicals. Since inception, there has been no looking back which has resulted in the company **achieving phenomenal development in terms of Quality, Volumes and Customer Satisfaction.**

Yasho's state-of-the-art technology and large-scale manufacturing facility comprises of **Glass and Stainless Steel Reactors** with capacities ranging from 45 - 25,000 litres. It is equipped for manufacture of a wide range of **Specialty & Fine** chemicals such as **Antioxidants, Rubber and Aroma** chemicals.

Sustained focus on **technological upgradation** has helped the company to accelerate it's progress. Yasho specializes in scaling up to meet **customer-specific** requirements .

As a company , we take great pride in contributing to the communities where we live and work, which include environmental concerns.

Research and Development is our core strength. **Continuous Innovation, Process Upgradation** and **Product Enhancement** complement our vast experience of over 2 decades . Investments in R & D are an integral part of our growth curve.

Endorsed by **Bureau Veritas**, our quality assurance meets the most stringent **ISO 9001:2015** norms. Our products find wide acceptance across the globe.

Our state-of-the-art laboratory uses modern quality control methods and sophisticated instrumentation such as **AAS (Atomic Absorption Spectrophotometer), CHNS Analyzer, Differential Scanning Calorimeter (DSC), FTIR, GC, HPLC, UV Spectrophotometer.**

Yasho Industries has opened its doors to reach out to wide array of Specialty chemicals enhancing its applications. This segment has also emerged as a significant division with mixture of products serving the niche application sector.

The gamut of products specially used in the customer segments extend over manufacturing Bio-Diesel, Printing Ink, Pharma / Bulk Drug Intermediates, Stabilizer for monomer, UPR Resins / Fibre composites resins, Thermoplastic Urethanes (TPU), Polyurethanes and Pheromones.....

Yasho offers Specialty products which are creating values for sustainable solutions and growth.

We at Yasho strive hard to bring value & fulfillment to our customers through creativity.
